Representing District 1

Leanne Huff was elected in 2019 to represent South Salt Lake's District 1 on the City Council. When she moved to South Salt Lake in 2014, LeAnne wanted to be involved with the community, and joined the Promise SSL Mental Health Coalition shortly thereafter. LeAnne is a licensed mental health counselor, and works as a Program Administrator for the State of Utah. In this role, she works closely with local and state partners to implement best practices in mental health crisis services.

As a City Council member, she enjoys knocking on doors and meeting her fellow neighbors, listening to their concerns and what they love about living in the city. LeAnne enjoys the outdoors, and spends her free time riding her horse Bel, and enjoying time with her friends and family.
