ADDITIONAL RESOURCES

- United Way of Utah has established a [Community Response Fund](#) for COVID-19 which gets residents in touch with:
 - Housing and homelessness assistance
 - Childcare assistance
 - Healthcare services for vulnerable populations
 - 211 information and referral
- Intermountain Healthcare offers [a virtual check-up option](#) which will allow doctors to determine whether you should be tested for COVID-19. This prevents the possibility of transmission associated with visits to the doctor's office.
